

RESPECT INCLUSION TEAMWORK EFFORT

24 April 2020

Dear Families

I hope you have all had a good week and have managed to get outside and exercise in the lovely weather we have been having. I am now able to give you an update on our evolving plans for Home Learning.

Our Home Learning aims to take account of varying home circumstances for families and staff. We recognise that many families are working from home, so initially we deliberately provided tasks and activities that could be undertaken by the children as independently as possible. This was to give everyone necessary time and space to adjust to what has been a whirlwind of unprecedented change. Many of our own staff also have dependants or are supporting at our Hub school so we hope you will work with us to obtain a workable balance of learning, screentime and wellbeing for all. Everyone's priority is health and safety and we do not wish to place additional burden on you, so please only do what you can.

We are very excited about improving our communication with our children. We are missing them enormously.

Weekends are more precious than ever at the moment and I hope you are able to relax with your family and enjoy the sunshine.

Andrew
